music student of the month

Lola Walker

Viola, 9th grade Strings

Lola explained that she chose to play the viola because this instrument is the middle ground between violin and cello, both of which Lola played first. Also, she adds, "It's kind of cool."

Mrs. Wright has been Lola's strings teacher since Lola's family moved to Orcas Island from Seattle. "I love Mrs. Wright, and she's a really good teacher," says Lola.

In addition to playing viola, Lola also sails on the Orcas Island Sailing Team. She wakes up early to play music at zero-hour before school, then travels to West Sound to sail after school. Such commitment and dedication to practice is laudable.

Lola is excited that the Strings program and the Band will perform at Disney at the end of this school year! She recommends that you look for fundraisers, like bake sales, around the island in the next several months so that you can be part of sending OISD student musicians on this exceptional trip.

Congratulations to Lola Walker,
November 2022 Music Student of the Month!
