music student of the month

Maddox Webster

Violin, 8th grade Strings

Maddox started school music in 4th grade playing the cello and switched to violin in grade 6. With quiet confidence, Maddox explaines how he works at his studies, "I'm am amazing student, and I balance all my classes by studying one topic from each class every day." Maddox's advice to beginning music students is to practice five to ten minutes every day.

Pamela Wright, Director of Strings, says, "Maddox has an amazing musical ear, and he knows all the instruments. Maddox could be a conductor if he wanted to be. I love that he has kept playing."

Maddox says, "Mrs. Wright is really good at her job. She's the main reason that I'm still playing and that I want to continue until I graduate."

Come hear Maddox perform in the April 6 Middle and High School Strings and Band Music Festival at 7pm at the Orcas Island Public School gym.

Congratulations to Maddox Webster,
January 2023 Music Student of the Month!
