music student of the month

Yusef Guzauskas

Saxophone, 6th grade Band

Yusef puts full effort into every minute of his class time in Band. He says that when there are only two minutes left, "I will play part of something until the end of class." When asked his advice for younger music students, Yusef replies, "Don't screw around in class." And specifically for saxophone players, "Control your breath so the sax doesn't squeak."

Band Director, Darren Dix says, "Yusef has been continually improving and working toward completing his black belt in Band Karate. He has made great strides this year!" Similar to martial arts belts, music students advance in their belts along with their performance abilities.

Yusef says that he chose to play the saxophone last year in grade 5 because cool people play the sax. I heartily agree.

Congratulations to Yusef Guzauskas,
April 2023 Music Student of the Month!
