

Music Student of the Month

Seffa Halabisky

Violin, 7th grade Strings

When asked how she chose the violin, Seffa replied, "My neighbor and her daughter are both violinists, and they lent me a violin. It's cool to be able to play an instrument. It's a fun opportunity that the school has." Seffa is performing both solo and in a trio in an adjudicated competition on the mainland this month. Performing in competitions is an important part of the school music program. Seffa credits playing the violin with helping her "get in the right head space" to do a task, like practice, even when she would rather do something else.

Strings Director, Pamela Wright, says she selected Seffa for Student of the Month because "Seffa has been patient and a team player when put into leadership positions in different sections in the orchestra." Seffa says, "Mrs. Wright is nice to have as a teacher because she is really proud when we do well, and she is a good musician."

Congratulations to Seffa Halabisky,
February 2024 Music Student of the Month!
